How to Help Correct Words

1. **Track** each word while your partner is reading the story.

2. **Stop** your partner when they:
   - misread a word
   - skip a word, or
   - pause for more than 4 seconds

3. **Point** to the word and
   - **Say:** *Can you figure it out?*
   - **If not, say:** *The word is ______. What word? ______ Good!*

4. Then have your partner **read** the sentence over.
   - **Say:** *Now read the sentence again.*

******* If your partner adds a word, don’t correct them. Let your partner continue to read.*******
