Portfolio Reflection Sheet

1. Title of exhibit:

2. Identify the two to four primary competencies or sub-competencies represented in this exhibit and briefly summarize why this exhibit is representative of them.

3. Describe the exhibit (the who, what, when, where of the exhibit):

4. Describe your evidence in the form of data and literature used to identify best practices.
   A. Describe the data you gathered to as part of this exhibit. Is it quantitative or qualitative data? What were your sources? What did you learn from the data and what did you decide to do with the data? Why?
   B. Identify at least two readings. They can be portions of a book including your course text, from refereed journals, professional magazines, or articles from reputable sources off the web. List the full citation for the readings and write a short (may be as brief as a few sentences) reflection on why, how, or what specific ideas from these particular literature selections support this specific exhibit. Quotes and paraphrasing with author acknowledgement is encouraged.

5. Appraisal of the experience as it relates to the four frames of organizations identified in Bolman and Deal’s *Reframing Organizations*, which includes the structural frame, the human resource frame, the political frame, and the symbolic frame.

6. Appraisal of the experience as it relates to your values and beliefs (or the mission and goals of your school):

7. Can this experience help you improve your current practice? How?
