How to Use NetLibrary E-Books

The Library now offers access to an expanded collection of e-books for use by faculty, staff, and students.

You can view these books from on or off-campus. A book can be viewed or checked out for a maximum of 48 hours. Only one person at our institution can view a particular book at a time--another user trying to view the same book will get a "busy" message.

To check out a book, you need to create an account. You can do this on the main netLibrary screen by using the "Create Account" options.

For on-campus access, modem pool access, or if you already have a netLibrary account set up, use: <http://www.netlibrary.com>

*For off-campus access, other Internet Service Providers, or if you don't have a netLibrary account, use:
<http://www.lib.umn.edu/cgi-bin/net.cgi>*
