

Baby's Space Executive Director

Baby's Space is one of Minnesota's leading early childhood organizations with two successful programs: Baby's Space, a childcare center supporting families in the Little Earth housing development and the surrounding Phillips neighborhood of Minneapolis, and Tatanka Academy, a K-3rd grade elementary school in the Como neighborhood.

Built upon the premise that quality child development services offer a strategic and early intervention point for at-risk children, Baby's Space provides what babies want and need: loving relationships that are warm, sensitive, consistent, and responsive within a rich learning environment. These relationships grow in enriched neighborhood-based settings that support the whole family and feature best practices, proven birth-through-3rd-grade educational models, holistic care, parenting support, and trauma-informed mental health approach with culturally relevant programming.

Baby's Space is seeking an Executive Director with high energy and passion for early education and family services, proven management skills as an Executive Director, a fundraising track record, and the ability to work with a diversity of organizations and people. Interested persons can visit our website at www.babyspace.org and view the TEDxTC video on the site. Please email Dr. Terrie Rose at terrie.rose@comcast.net for a complete job description.
