- Assist at my job by interpreting my speech and signs
- Physically assist me with computer and office work at my job
- Present information that I prepare for the classes I teach

Qualifications:

- Female
- Professional
- Valid driver’s license
- Reliable transportation
- Non-smoker
- Comfortable driving van

About Me:
I am an outgoing young woman with a good sense of humor who likes to have fun and does not let her disability stop her from living her life to the fullest. I am thirty-three years old and have Cerebral Palsy, which affects all four of my limbs and my speech. Despite my physical challenges, I have a Bachelor of Science in Recreation Therapy from Arizona State University and a Master's Degree in Social Work from the University of Minnesota. I also have a service dog (black lab) that is right by my side ready to help me when I need him! I work part-time at a non-profit organization.

Some of my hobbies include spending time with my husband, family, friends and dog, playing power wheelchair soccer, reading, being outside and helping others.

I typically start PCA's at $12/hour however, depending on your experience and qualifications there is a potential for starting at a higher rate.
