What is the PCIARC? The St. Paul Police Civilian Internal Affairs Review Commission (PCIARC) was established in 1994 as a civilian-led body to review all complaint investigations about police conduct and make recommendations to the Chief of Police. The Commission’s role is to “assure the public that police services are delivered in a lawful and nondiscriminatory manner.”

Who serves on the PCIARC? Representation on the PCIARC includes two active police officers who are members of the Saint Paul Police Federation and are residents of St. Paul. The PCIARC also includes five civilian residents of the city. In order to be appointed to the PCIARC, each member is required to attend an 11-week Police Civilian Academy.
