

TRANSFER GUIDE FROM SAINT PAUL COLLEGE TO

COLLEGE OF EDUCATION
+ HUMAN DEVELOPMENT

UNIVERSITY OF MINNESOTA

This guide identifies courses at the St. Paul College-A Community and Technical College - that can prepare students to transfer into undergraduate programs at the College of Education & Human Development (CEHD) at the University of Minnesota-Twin Cities campus.

Application process

The application process has 2 steps. First, you need to apply to the University of Minnesota. You can do this online at http://admissions.tc.umn.edu/admissioninfo/trans_checklist.html. Along with this application, you need to submit CEHD Transfer Admission Application Supplement to the Office of Admissions. You can find this form and directions by scrolling down to the bottom of the webpage listed above and clicking on College of Education and Human Development.

In order to have your application considered for admission, both the U of M application AND supplemental materials must be completed

The priority deadlines to apply:

Spring semester: October 1st

Fall semester: March 1st

The final deadlines to apply:

Spring semester: December 15th

Fall semester: July 1st

Many majors fill with applications submitted on or before the priority deadlines. We strongly encourage submission of applications by this deadline!

For information on how community-college courses will apply toward CEHD major requirements, check with your community-college adviser or the Transfer Admissions Coordinator in the College of Education and Human Development.

For more information on CEHD admission and degree/major requirements:

- ❖ visit us online at www.cehd.umn.edu
- ❖ sign up for an info session

- ❖ Contact Student Services at 612-625-3339 or cehdinfo@umn.edu.

Updated spring 2009

Business Majors

Business and Marketing Education (BME)

Admission requires a minimum 2.00 GPA and 30 semester credits completed at the time of application. The following courses are recommended but not required prior to admission:

Mathematics (*choose one*)

- MATH 1740 – Introduction to Statistics **or**
- MATH 1730 – College Algebra **or**
- Other college-level math

Public Speaking

- SPCH 1710 – Fundamentals of Public Speaking

Social Studies

- PSYC 1710 – General Psychology
- Economics (*choose one*)
 - ECON 1720 – Macroeconomics **or**
 - ECON 1730 – Microeconomics

Human Resource Development (HRD)

Admission requires a minimum 2.50 GPA and 60 semester credits completed or in progress at the time of application. The following courses are recommended, not required, prior to admission

Mathematics (*choose one*)

- MATH 1740 – Introduction to Statistics **or**
- MATH 1730 – College Algebra **or**
- Other college-level math

Public Speaking

- SPCH 1710 – Fundamentals of Public Speaking

Social Studies

- PSYC 1710 – General Psychology
- Economics (*choose one*)
 - ECON 1720 – Macroeconomics **or**
 - ECON 1730 – Microeconomics

Sport Management (SMGT)

Admission requires a minimum 2.0 GPA (*2.75 strongly preferred*) and 60 semester credits completed or in progress at the time of application. The following courses are strongly recommended but not required prior to admission:

- PSYC 1710 – General Psychology
- SOCI 1710 – Introduction to Sociology
- SPCH 1710 – Fundamentals of Public Speaking
- 3 physical education courses

Education Majors

Our licensure programs are unique in that we do not license at the bachelor's level, we license at the master's level. An undergraduate degree teaches students what to teach, and a master's degree teaches students how to teach. This design better prepares students to enter the school system as well as allows them to attain a master's degree in a short amount of time.

To move into a licensure program, students need to graduate with a bachelor's in the area they want to teach before applying to enter a licensure program. Licensure programs are between 12-18 months long, after which you are licensed in the state and only a few courses away from a master's degree.

For information on teaching middle or high school, please visit <http://cehd.umn.edu/Direct/>

Elementary Education Foundations (EIEd)

Admission requires a minimum 2.50 GPA, although a 2.8 is *strongly* preferred, and the courses listed below completed or in progress at the time of application. Students must also have 35 hours of classroom experience in a K-6 public classroom setting during regular school days/hours; this experience may be paid or unpaid and must be *completed* prior to application.

Basic Requirements (3 courses)

- PSYC 1710 – General Psychology
- Literature course – must satisfy Literature core requirement: for a list of courses visit <http://admissions.tc.umn.edu/cle/>
- Students must also complete Introduction to Elementary Schools at the U of M.

Mathematics (1 course)

- MATH 1730 – College Algebra

Science (2 courses)

- Biology w/lab
 - BIOL 1740 – General Biology
- Earth science with lab: Take this at the U of M after admission

Social Studies (2 courses)

- History course – must satisfy Historical perspective core requirement: for a list of courses visit <http://admissions.tc.umn.edu/cle/>
- PSTL 1204: Ways of Knowing in the Social Science (*must* be taken at the U of M)

Although not required, students may also take the following course prior to admission

- Human Geography (*choose one*)
 - GEOG 1720 – Human/Cultural Geography
 - GEOG 1740 – World Geography

Education Majors (continued)

Early Childhood Education Foundations (EC)

Admission requires all courses in content area 1 and at least half of the courses in content areas 2-6 be completed or in progress at the time of application. Admission also requires a minimum 2.50 GPA (2.8 strongly preferred), and 60 semester credits completed or in progress.

Content Area 1: Basic Requirements (2 courses)

- PSYC 1710 – General Psychology
- Child Psychology: Take this at the U of M
- Recommended, but not required: one year of college-level second language

Content Area 2: Language and Communication (3 courses)

- Speech Communication (*choose one*)
 - SPCH 1700 – Introduction to Speech Communications **or**
 - SPCH 1710 – Fundamentals of Public Speaking **or**
 - SPCH 1720 – Interpersonal Communication **or**
 - SPCH 1730 – Intercultural Communication
- Students must complete one course in the structure of the English language at the U of M
- Students must complete one course one course in language development at the U of M

Content Area 3: Mathematics (2 courses)

- MATH 1730 – College Algebra
- MATH 1740 – Introduction to Statistics

Content Area 4: Science (3 courses)

- Biological science w/lab course – must satisfy biological science w/lab core requirement: for a list of courses visit <http://admissions.tc.umn.edu/cle/>
- Physical science w/lab course – must satisfy physical science w/lab core requirement: for a list of courses visit <http://admissions.tc.umn.edu/cle/>
- One science elective with or w/out a lab *or* BIOL 1760 – Nutrition

Content Area 5: Social Studies (2 courses)

- American History (*choose one*)
 - HIST 1745 – U.S. History to 1865 **or**
 - HIST 1746 – U.S. History from 1865
- Human Geography (*choose one*)
 - GEOG 1720 – Human/Cultural Geography **or**
 - GEOG 1740 – World Geography
- Cultural Pluralism/Diversity in the U.S.
 - SOCI 1710 – Introduction to Sociology

Content Area 6: Communication Arts and Literature (3 courses)

- American Literature (*choose one*)
 - ENGL 1790 – Contemporary Writers of Color **or**
 - ENGL 2721 – Survey of American Literature 1 **or**
 - ENGL 2722 – Survey of American Literature 2

****Also see Sport Management in the “business major” section****

Kinesiology (KIN)

Admission requires a minimum 2.50 GPA and 60 semester credits. Students are required to have all 3 of the following science courses completed or in progress prior to admission:

Biology with a lab (*choose one*)

- BIOL 1740 – General Biology **or**
- BIOL 1750 - General Microbiology

Chemistry with a lab (*choose one*)

- CHEM 1711 – Principles of Chemistry I **or**
- CHEM 1712 – Principles of Chemistry II

Physics with a lab

- PHYS 2700 – General Physics I (with calculus)

In addition to the science courses listed above, students are required to have 2 of the 3 following courses completed or in progress at the time of application:

Speech

- SPCH 1710 – Fundamentals of Public Speaking

Psychology

- PSYC 1710 – General Psychology

Mathematics (*choose one*)

- MATH 1740 – Introduction to Statistics (preferred) **or**
- MATH 1730 – College Algebra **or**
- Higher level math course

Recreation, Park and Leisure Studies (REC)

Admission requires a minimum 2.00 GPA and 30 semester credits completed as well as completion or current enrollment in General Psychology – PSYC 1710 prior to application.

The following courses are strongly recommended but not required prior to admission:

- SOCI 1710 – Introduction to Sociology
- SPCH 1710 – Fundamentals of Public Speaking
- 3 physical education courses

Human Services Majors

Family Social Science (FSoS)

Admission requires a minimum 2.00 GPA, completion of high school intermediate algebra **or** Math 1520 – Intermediate Algebra, and completion of at least 1 social science course. The following courses are recommended but not required prior to admission:

Public Speaking

- SPCH 1710 – Fundamentals of Public Speaking

Mathematics

- MATH 1740 – Introduction to Statistics

Social Studies

- Students choose a social science course (ex: sociology, psychology, political science)
- Economics (*choose one*)
 - ECON 1720 – Macroeconomics **or**
 - ECON 1730 – Microeconomics

Youth Studies (YOST)

Admission requires a minimum 2.0 GPA and experience with youth at the time of application. The following courses are strongly recommended but not required prior to admission:

Social Science

- SOCI 1710 – Introduction to Sociology
- Additional social science course: (*choose one*)
 - GEOG 1720 – Human/Cultural Geography **or**
 - GEOG 1740 – World Geography **or**
 - ANTH 1710 – Introduction to Cultural Anthropology **or**
 - PSYC 1710 – General Psychology **or**
 - POLS 1720 – Introduction to the American Government **or**
 - POLS 1750 – Introduction to Political Science

Mathematics

- MATH 1740 – Introduction to Statistics

Public Speaking

- SPCH 1710 – Fundamentals of Public Speaking
