

Thesis/Field Study Approval Form

(Submit this Form to the Director of Graduate Studies)

Student: _____ Degree: _____

Title: _____

The purpose of the thesis/field study proposal approval committee, the major members of the proposed final oral examining committee, is to ensure that:

- a) the problem is significant and relevant to the field of work, community, and family education;
- b) the scope of work is appropriate; and
- c) the methodology is appropriate.

The student is expected to provide an overview of the written proposal presented to the committee at least one week prior to their meeting. Concerns and suggestions of the committee members should be discussed. Expected modifications, if any, shall be specified in writing. The committee may elect to meet again or the student and advisor may be directed to make the necessary modifications specified if these are minor.

Signatures

Thesis/field study proposal approval is required and granted by the signature of all committee members on this form.
